Dive into the heart of history with the 2022 theme :

"The Builders"

Relive the Champagne fairs as they were celebrated in the 12th and 13th centuries in Provins, an essential meeting point for merchants from all over Europe.

Find craftsmen, merchants and enthusiasts of the medieval era scattered throughout the city, an authentic and preserved historical and architectural setting.

This year, builders, stonemasons, blacksmiths, carpenters... will reveal their ancestral know-how. Come and meet the men and women who have shaped part of our heritage.

Dances, music, games, jousts, street shows and of course the great classics of the festival: the traditional medieval ball on the Place du Châtel, a great medieval concert and the inevitable parade on Sunday with 1000 people in medieval costume.

For 2 days, mingle with troubadours, minstrels, jugglers, dancers, craftsmen, and live a timeless experience !
